

Christine Machhour

+96170755492 | christinemachhour@gmail.com | [LinkedIn](#)

Fifth-year Computer and Communication Engineering student with hands-on experience in frontend development, UI/UX design, and backend fundamentals. Experienced in building responsive web interfaces with React, designing user flows in Figma, and developing APIs and database-driven applications. Strong collaborator who focuses on delivering production-oriented features and improving user experience.

EDUCATION

Bachelor of Science in Computer and Communication Engineering
2026 Antonine University, Lebanon

September 2021 – *Expected June*

PROFESSIONAL EXPERIENCE

Frontend Developer Intern

Jun – Aug 2025

Nelcom Digital | France - Remote

- Built responsive, interactive user interfaces using React.js, JavaScript, HTML, and CSS.
- Collaborated on the O'Platform fintech project to improve UX and component reusability.
- Implemented feature-driven UI components and assisted with integration to backend APIs.

UI/UX Design Intern

Jul – Aug 2023

Creoshift | Lebanon - Remote

- Designed modern UI/UX for mobile and web applications using Figma.
- Conducted usability testing and user research to iterate prototypes and improve flows.
- Delivered wireframes, interactive prototypes, and handoff assets for development.

Web Development Intern

Jul – Sep 2023

IDS Fintech | Lebanon - Remote

- Developed APIs & SQL databases, optimized C# asynchronous programming.
- Built Windows applications for financial services.

TECHNICAL PROJECTS

WolFitness — Full-Stack Web Project

[watch-here](#)

- Developed a modern e-commerce platform for gym wear and accessories featuring a complete client interface and admin dashboard.
 - Implemented frontend functionality including cart system, product filters, and Stripe checkout integration.
 - Built an admin dashboard for managing products, users, orders, and real-time statistics.
 - Designed a responsive, modern UI with real-time data synchronization and secure JWT authentication.
 - Utilized React, TailwindCSS, Node.js, MongoDB, Stripe, Vite, and JWT Auth.
-

TECHNICAL SKILLS

UX/UI Design: Figma, Wireframing, Prototyping, Usability Testing

Data & Analysis: Data Analysis (Conceptual), Computer Vision (Conceptual), SQL

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, TailwindCSS, Vite

Backend & Databases: Node.js, MongoDB, C#, SQL, API development, JWT Authentication, Stripe Integration

Tools & Competencies: Git, Visual Studio, Full-stack application design, responsive UI/UX, e-commerce architecture

3D & Modeling: Autodesk 3ds Max, CLO3D (3D Fashion Modeling)

Soft Skills: Communication, Problem-Solving, Teamwork, Adaptability
